

SIXTY-NINTH  
ANNUAL REPORT OF OFFICERS

TOWN OF PROCTOR

Vermont

Year Ending December 31, 1955

## STORY OF COVER

---

The cover photograph of the business center of Proctor shows the Home Office of the Vermont Marble Company, one of its hydro-electric stations and its largest manufacturing installations. The Marble Company is the principal reason for the town's existence and pays 58.63% of its taxes.

The Sutherland Falls of Otter Creek and quarries in the vicinity were the original reasons for establishing the marble business here. The quarries have long since been abandoned but the importance of the water power continues and the plants and office furnish employment for most of Proctor's people as well as for many from neighboring towns.

## SELECTMEN'S REPORT

This 1955 report brings to all the good news that our little town is entirely out of debt.

We thank and congratulate our citizens, our industries and other businesses for furnishing enough tax money to bring about this excellent condition.

Our Town and Village business is increasing and requiring more work in both the Town Clerk's and Road Commissioner's departments.

The Selectmen, who are also Village Trustees, will meet each Thursday at 7:00 P.M.

We extend our sincere thanks to all the Town's people and State officials who have assisted us during the past year.

We respectfully solicit continuation of your splendid cooperation in 1956.

HAVEN V. GREENE,  
JOSEPH F. SHERLOCK,  
FRANK J. OLNEY,  
Selectmen.

## HIGHWAY COMMISSIONER'S REPORT

The State Highway Department assisted on our tarring program this past summer. This work was done June 16 through June 18, earlier than other years. Therefore, did not conflict with the heavy summer traffic.

The following Highways were resurfaced in 1955:

South Street, Holden Avenue to Grove Street	.2 miles
East Street, Proctor Library to Pittsford Town Line	.6 miles
Florence Road, Pleasant Street to Beaver Pond Road	.5 miles

Total material used for this work was:

484 tons peas stone  
12,000 gallons of tar

The following Town Highways were sealed with tar and covered with screened gravel:

Gibbs Street	Center Street
Willow Street	Curtis Street
Elm Street	Charles Street
Eden Avenue	Part of Pine Street
Cliff Street	

Warner Avenue and Market Street were covered with grit.

Sections of Florence Road were excavated and back filled with sand and gravel. Then a covering of cold patch was applied. Eventually, parts of this road will have to be torn up and a good gravel base put in.

New equipment purchased during the past year: A new Chevrolet 1955 dump truck, replacing the old 1942 truck. Also, a snow plow lift for the Marmon-Herrington truck. This will lift the plow six inches high in six seconds.

JOHN LENDWAY,  
Highway Commissioner.

## REPORT OF HEALTH OFFICER

1955

During the year 1955 there was a very low incidence of contagion. The most discouraging aspect of it was that the one case of polio was fatal. Notwithstanding rumor this was the only confirmed case in town. Encouraging, however, was the response to the salk vaccine. Approximately 375 children from 0-14 years of age have been vaccinated. The school health program has continued along in excellent fashion as in the past.

The water situation is one of great concern to me. For the months April-August our water samples invariably came back with the report unsafe for drinking purposes. At the request of the Selectmen the State sanitary engineer inspected our facilities. His recommendations were to increase the chlorine content and to test the water regularly to see that the recommended amount of chlorine was present in the circulating supply. If the tests, easily conducted, show an adequate chlorine content, the water should be safe for drinking purposes. If an adequate amount of chlorine is found to be present according to our testing device, and we receive reports from the State Laboratory that the water is unsafe for drinking, then I believe a complete and thorough study of our system should be conducted by a qualified expert. This I recommend as a must for this year. If any unsafe reports are received this year, this should be done immediately.

ALBERT H. FREGOSI, M.D.,  
Health Officer.

February 4, 1956

**REPORT OF THE  
PUBLIC HEALTH NURSING PROGRAM  
VERMONT DEPARTMENT OF HEALTH**

**January 1, 1955 to January 1, 1956**

Using vaccine furnished by the National Foundation for Infantile Paralysis, first and second grade children whose parents gave permission received the immunization of polio vaccine in school this year. The Vermont Health Department cooperated with the Foundation on this project and gave technical supervision and equipment to administer the vaccine. Through the cooperation of many individuals, these immunization clinics were successful. Forty-five children will be eligible for the third dose of this polio vaccine.

The Public Health Nurse rendered the following services:

17 individuals have been contacted

7 for Maternal and Child Health Services

10 for Communicable Disease Service

59 visits were made by her

31 visits in behalf of the program

16 visits in behalf of Maternal and Child Health services

12 visits in behalf of Communicable Disease services

Clinics and Conferences

3 School Medical Conferences were held

76 children were examined by Dr. B. L. Emerson and Dr. A. H. Fregosi

3 Special Conferences

44 children re-tested by the public health nurse for vision and hearing

Immunization Program

Smallpox

3 children vaccinated

21 children re-vaccinated

Diphtheria and Tetanus

50 children received their booster doses

Polio Vaccine

283 children received their first doses

Through funds appropriated by the 1955 Vermont Legislature and Federal funds the Vermont Health Department is sponsoring a polio immunization program. As the supply of polio vaccine becomes more adequate and the first group eligible to be immunized is completed on a state level, plans will be made for a second age group.

Respectfully submitted,

LOIS STEARNS, R.N.,  
Public Health Nursing Supervisor.

# VERMONT DEPARTMENT OF SOCIAL WELFARE

## MONTPELIER, VERMONT

This is our twentieth annual report to the citizens of the Town of Proctor on State payments in your municipality of various types of assistance and welfare during 1955.

The total number of recipients in the State has remained reasonably stable for four years. The number aided in the Totally and Permanently Disabled program has continued to increase. Old Age Assistance and Blind Assistance case loads have declined. The impact of the Social Security Insurance programs have not been fully realized in Vermont but will be a continuing factor in the reduction of case loads as an increasing number of our people attain a fully insured status. At the present time less than 50% of the aged population in Vermont, sixty-five years or over, are entitled to Social Security benefits. The towns and cities participated financially in two of the programs as indicated below. Administrative expenses for the four types of Public Assistance have always been among the lowest in the nation.

Old Age Assistance	\$8,970.00
Aid to the Blind	1,176.00
*Aid to Dependent Children	1,479.00
Aid to the Disabled	660.00
†Committed Children	314.94

Total \$12,599.94

W. ARTHUR SIMPSON,  
Commissioner.

\*One-eighth paid by the town or city unless family is non-settled.

†One-half paid by the town or city unless family is non-settled.
